5 Logica Led 8W SE – Part No.12182
5 Logica Led 11W SE – Part No.12183
Water bottle containing a coupon that enables you to get your Beghelli Water Machine

THE BEGHELLI WATER MACHINE: WHY IT IS WORTHWHILE, HOW IT WORKS

SAVINGS ON THE PURCHASE OF MINERAL WATER
(for a family, a standard of 350-400 € per year) *

REDUCTION OF THE ENVIRONMENTAL COST RELATED TO THE MANUFACTURING AND TRANSPORTATION OF WATER PLASTIC BOTTLES

AVOID BUYING AND MOVING WATER BOTTLES

GENERAL CHARACTERISTICS

- Electronically monitored double technology and double time filtering system (up to 6 months and maximum 1,000 liters)
- High filtering speed up to 1 liter per minute
- Capability to make sparkling water (up to 60 liters)
- Depending on the available tap water, the Beghelli Water Machine offers several settings of the water filtering
- Self-diagnostic of the filtering and cleaning system with multicolored led which signals:
  - the amount of water dispensed
  - the amount of sparkling of the water
  - the status of the filter
  - the status of the sparkling filter
  - the status of the sterilizing light beam
- No need to connect to the water faucet
- Possibility to be unconnected to the mains via battery system with up to 20 days of autonomy
- Self contained pitcher for water filling up to 1.8 liters
- In conformity with European standards

PROVIDED ACCESSORIES

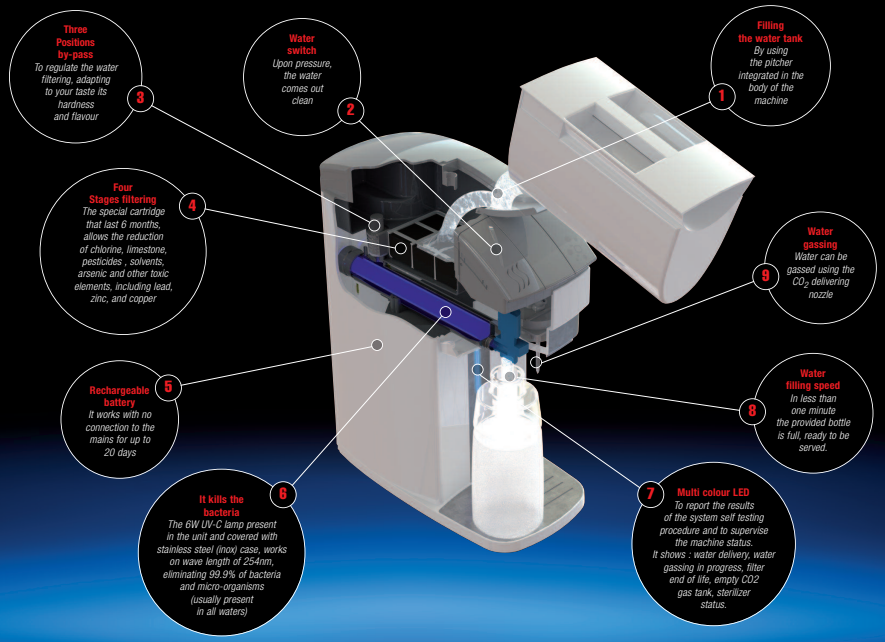
- Glass bottles, 2 filters, 2 plastic bottles, CO2 tank for sparkling water production

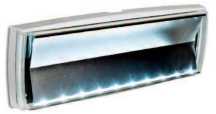
DOUBLE TECHNOLOGY FILTERING SYSTEM

- Double filtering with a 4 stages cartridge and disinfecting inox UC-C function

The Beghelli Water Machine offer a 99.9% bacteria coverage with the reduction of organic and inorganic (solvents, pesticides, chlorine, zinc, copper, arsenic, limestone, heavy metals, etc.) elements.

* yearly evaluation based on daily consumption of three bottles of water at 0,35 €/each





GENERAL SPECIFICATIONS

Power	8, 11, 24 W
Operation	Non-maintained (SE), Maintained or Public Venues (SA/PS)
Conformity	EN 60598-1, EN 60598-2-2, EN 60598-2-22, UNI EN 1838, UNI 11222
Grado di protezione	IP65
Duration	1h, 2h, 3h (may be set using the DIP switch)
Mounting	Wall, ceiling, recessed false ceiling
Housing	RAL 7035 grey polycarbonate
Optic	Symmetrical, in antiglare aluminium

PRODUCT HIGHLIGHTS

- **High luminous efficiency thanks to 3D power LEDs (up to 600 lm)**
- **Modern and rational design**
- **The quick-fit bracket mounting allows great installation and maintenance speed**
- **A single lighting fixture can illuminate areas up to 300 sqm and covers up to 15 mt of walking distance in escape routes**
- **The luminous flux distribution follows a non-conventional pattern that works at the same time on two crossing planes, thus realizing a highly performing photometric solid on all types of installations.**

LG * (AT if not connected to a central unit)

W	Ordering code Version	Duration	Flux* SE lm	Power W	Quantity

FIXTURES PARTICIPATING TO THE "BEGHELLI WATER MACHINE" PROMOTION

* Minimum guaranteed flux according to EN 60598-2-22
** Available also in LGFM and HT types as per Sipilla Polare LED catalogue

WALL MOUNTING WITH QUICK-FIT BRACKET AND BUBBLE LEVEL

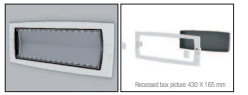
12199 Bracket for quick wall mounting — supplied

The Logica LED range

Professional LED emergency lighting

This emergency luminaire features an extremely sophisticated electronic technology. The Logica LED is the only emergency luminaire supplied as a centralised version (LG, LGFM), with the Autotest (AT) version automatically configuring if it is not connected to a control unit. Individual luminaires can also be manually tested, using a magnet with the magnetic switch below the screen.
This technology makes it possible to immediately test luminaire efficiency. The circuit also allows for the fixture to be customised to requirements. Duration can be adjusted, (1h/2h/3h) and Maintained versions can be changed to Public venue versions, adjusting light intensity to the venue requirements.

RECESSED MOUNTING

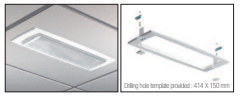


12198 LOGICA IP65 recessed BOX — supplied

LOGICA SCREENS

12175 Logica PS Right screen — to be ordered separately
12176 Logica PS Left screen — to be ordered separately
12177 Logica PS Down screen — to be ordered separately

FALSE CEILING AND PLASTERBOARD MOUNTING



12193 Logica false ceiling bracket — to be ordered separately
